The heart
of the home.

There's no place like home. And there's no room like the kitchen.

It's the most important living space of all, the beating heart of every house.

It's where families come together, friends chat and couples unwind. At Symphony, we've created a collection to give you a kitchen that you'll love.

A place where not just spectacular food, but memories are made and shared.

A new twist on a classic design

The pure elegance of the Shaker design has inspired craftsmen for generations. Our own Shaker collection combines form and function superbly, with a range of finishes that bring a modern twist to an ageless classic.

Ashbourne PTO Duck Egg Blue and Chalk White

The simple beauty of the classic Shaker look is enhanced by the subtle colour palette and the grained finish. The stunning design provides the perfect option of either a contemporary look or a more traditional, homely feel to your home.

Ashbourne PTO is available in Aubergine, Black, Cashmere, Chalk White, Clay, Cooks Blue, Dove Grey, Duck Egg Blue, Mussel, Olive, Platinum, Pumice, Sage, Skylon Grey and Stone.

Symphony[®]

Symphony is home to a diverse range of brands. From Gallery Kitchens to Aquadi Bathrooms and Urbano Bedrooms, our mission is the same:

Creating the perfect living space.

Creating a sustainable future

As the UK's largest privately owned fitted furniture supplier, Symphony has over 45 years' experience in meeting the needs of contemporary lifestyles. Constantly investing in ways to improve our products and service, we were the first company in our industry to gain the quality assurance accreditation BS 9002 Part 2 and subsequently ISO 14001:2004 – independently endorsing the work we've done to limit our impact on the environment.

We're proud of this green culture and it's reflected in every area of our business, from the materials we use to the way we deliver the finished product to your door. Our fleet of vehicles is one of the most fuel efficient in the UK, while our headquarters in Barnsley is equally eco-conscious with the entire 500,000 sq. ft. facility powered self-sufficiently by our own wood waste.

Creating the perfect living space

To ensure the continuous development and improvement of our products, we reserve the right to make changes to the colour, design and descriptions or methods of manufacture of our furniture. Such changes may be made without prior notice and without incurring liability. In many of our products we use wood, a natural living material which will reflect a variety of grains and textures, so variances must be allowed for. Styles that feature timber, PVC, laminates and melamine finishes may incur a slight colour change over the years. The term 'solid timber' applies to door and drawer fronts only.
