

Invacare® | **Pronto® M61™**

A fresh approach to mobility

The sleek and stylish *Invacare Pronto M61* is an affordable centre wheel drive power chair with 6 wheels on the ground for optimum safety and stability. It features *Invacare's Sure Step®* technology for smoother driving over lower thresholds. Designed around a compact base, the **Pronto M61** provides excellent manoeuvrability especially in confined spaces, and the electric seat riser provides 120 mm of elevation.

Yes, you can.®

Features and Options

Optimum Comfort

The padded, shaped van seat ensures you are comfortable for day long use, while the popular configurable seating system offers a wide range of seat sizes allowing you to achieve an optimum fit. For easier transfers into or out of the **Pronto M61**, the seat will rotate 90 degrees in either direction, and the van seat armrest can flip up or alternatively the armrests can be removed altogether.

Sure Step® technology gives a smooth ride over low thresholds of up to 5cm.

Upwardly mobile

With its centre wheel drive and its compact dimensions, the **Pronto M61** gives excellent manoeuvring in very small spaces and has a very tight turning circle. The simple to operate seat will electrically raise you up to 120 mm. In the elevated position it provides increased accessibility, which is ideal in an office environment or when you are out and about.

A range of seating options are available including the **Laguna** seat and back style.

A range of angle adjustable legrests and footplates available. (Configured version only)
