

## **Environmental Policy Statement**

We at the Company are becoming increasingly aware, not only of global concerns, but more particularly those of our own local environment.

As members of the community, we also share its concerns and will make every effort to ensure that we minimise any adverse effects our operations may have on the environment.

The company will achieve the commitment of safeguarding the environment by undertaking the following,

The Company will:

- Comply with all existing legislation
- Implement procedures to prevent pollution to land, air or water
- Take environmental factors into consideration in any new developments or contract works
- Improve the environmental impact of the company's activities
- Collect and monitor information regarding the environmental impact and record of the Company
- Respond waste and consumption of natural resources wherever possible
- Co-operate in any investigations concerning hazardous emissions or incorrect disposal of hazardous waste
- Be amongst the leaders in environmental sensitivity
- Be pro-active in supporting the Government initiative policy of working well together
- Be aware of the Environmental Protection Act 1990
- Work within all relevant Asbestos Regulations 2012 and ACOP procedures

Appropriate training and financial company resources will be made available to ensure that all staff members have the skills to implement the above policy.
